

## SHAID TREE ANIMAL SHELTER MYRTLE QUIGLEY SPAY/NEUTER SUBSIDY FORM

To help with the spay or neuter of family pets with a financial need for help,

SHAID Tree Animal Shelter is a not-for-profit organization and this program is strictly for people with cats on low or limited income needing assistance with spaying and/or neutering their pet to prevent unwanted pregnancies that contribute to the overpopulation of cats in Lunenburg County.

### Things you need to know...

Cats *MUST* be owned pets. This program is *NOT* for stray, feral or barn cats. The vet reserves the right to refuse feral animals or cats that appear to be sick (runny nose/eyes)

If the cat has kittens, they can be adopted out through SHAID ONLY IF there is space at the shelter. If there isn't space available, they will be put on the waitlist and be taken in when there's an opening.

Applicants need to know how many animals are in their home when applying and must provide a brief description of each one, even if not being applied for.

**The owner must first apply for the subsidy by email or leaving a paper copy at the shelter with all the supporting financial documents. The applicant will be contacted within one week by the Office Administrator with approval or denial. If approved, the applicant is required to book the appointment and take the animal to the appointment. Once the procedure is completed, the applicant must send a copy of the invoice to [info@shaidanimalshelter.com](mailto:info@shaidanimalshelter.com) to receive the rebate via Email Money Transfer. The rebate for male cats (neuter) is \$100, the rebate for female cats (spay) is \$150.**

**The program is set up to subsidize the cost of spaying or neutering ONLY – it DOES NOT subsidize the cost of bloodwork, vaccines, feline leukemia testing, distemper/rabies shots or other veterinarian fees. If you wish to have other treatments for the cat, you would be responsible for requesting and covering the costs of the treatments on the day of surgery.**

**By signing this document you are acknowledging you have read and understand the guidelines for this program.**
